WORK EXPERIENCE

*Sr. Software Developer, **Avanade Inc.**, Redmond, WA*

(Aug. 2020 – present)

Working as a single developer with a team of senior-level Chief of Staffs (Jun. 2019 – Aug. 2019: College Intern) to automate and modernize day-to-day workplace responsibilities by developing a meeting-tracking tool which integrated SharePoint, Microsoft Teams, OneNote, and Outlook. Additionally, developed impactful solutions for Microsoft and Accenture employees using power platforms, .Net, React, and Node JS to fulfil their business and financial objectives, improving productivity.

*Intern, **Intellectual Ventures**, Bellevue, WA*

(Dec. 2017 – Sep. 2018: College Intern)

Responsibilities included setting up and providing technology solutions

(Jul. 2017 – Sep. 2017: Summer Intern)

for diverse software/hardware business needs across a variety of work

(Jul. 2016 – Sep. 2016: Summer Intern)

and technological environments; supported senior level executive IT

requirements, including for founders of Intellectual Ventures, for various innovation and highly visible customer event needs; provided coding support in Java, C#, and pearl programming languages.

*High School Summer Intern, **Microsoft Corp.**, Redmond, WA*

(Jun. 2015 – Aug. 2015)

Created and supported first time Windows 10 sales and marketing launch programs; tested educational products and executed on marketing programs to engage students worldwide; and, discovered the magnitude of the opportunity that technology advancements provide to all people worldwide.

*Volunteer Math Tutor, **Interlake High School**, Redmond, WA*

(Sep. 2013 – Jun. 2015)

Tutored 11, first generation Hispanic high school students with limited English skills, in Geometry and Advanced Algebra, all of whom were tracking to fail; landed 4 students with a grade of “B” or higher.

*Courtesy Clerk, **Safeway Inc.**, Redmond, WA*

(May – Dec. 2014)

Paid customer facing support in all areas of business that tangibly taught me the value of listening to customers, communicating clearly, and paying attention to details as key drivers of business.

*Paid Tutor, **Private Family**, Bellevue, WA*

(Sep. 2013 – Jun. 2015)

Tutor 6 hours a week, two grade school students during school year, in reading, grammar and spelling, providing a weekly framework for them and me (given I had recently immigrated to the U.S.) to learn and perfect the fundamentals of English.

OTHER

Proficient in Java, C# and Python; passion for building computers and realizing the power of technology for all; Fluent in Farsi; US Citizen
